A virtual classroom is an online teaching and learning environment where teachers and students can present course materials, engage and interact with one another, and work in groups together. The key distinction of a virtual classroom is that it takes place in a **live, synchronous setting**.
Asynchronous learning is when the teacher provides materials, lectures, tests, and assignments that can be accessed at any time. Students may be given a timeframe in which an assignment is due. Wednesdays will consist of all asynchronous lessons and activities. Monday, Tuesday, Thursday and Friday will be a combination of both.

Preschool IS SO LAST YEAR-
kindergarten ROCKS!
When working in the SeeSaw app your daughter will see various icons. These will make activity instructions more visual and easier for her to follow.
